Good Faith Estimate Notice

(OMB Control Number: 0938-1401)

Under Section 2799B-6 of the Public Health Service Act, health care providers and health care facilities are required to inform individuals who are not enrolled in a health plan or Federal health care program, or who do not intend to use insurance coverage, of their right to receive a “Good Faith Estimate” of expected charges.

You have the right to receive a Good Faith Estimate explaining how much your medical and mental health care will cost.

- Under the law, health care providers must give patients who don’t have insurance, or who are not using insurance, an estimate of the expected charges for medical services, including psychotherapy services.
- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency healthcare services, including psychotherapy services.
- You can ask your health care provider, and any other provider you choose, for a Good Faith Estimate in advance.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.

A Good Faith Estimate must be provided:

- Within 3 business days upon request.
- Within 1 business day for services scheduled within 3 business days.
- Within 3 business days for services scheduled at least 10 business days out.

Make sure to save a copy or picture of your Good Faith Estimate for your records.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises.
